Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel does you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bowels and should never be put into your system.

CHICAGO BLAZE IS CHARGED TO NEGROES

THREE THOUSAND PEOPLE ARE
RENDERED HOMELESS AS RE-
SULT OF RACE RIOTS.

Chicago, Aug. 2.—An incendiary fire, which the police declare was started by negroes, early today swept through the district bounded by West Forty-third, West Forty-fifth, South Lincoln street and South Hermitage avenue, destroying 100 homes of Polish and Lithuanian employees of the stock yards and causing a property loss of more than \$200,000. Three persons are missing and a score were injured in the conflagration.

The building destroyed consisted chiefly of one and two-story frame dwellings. Three thousand men, women and children have been rendered homeless by the fire and the bad feeling between the whites and negroes greatly aggravated. State troops were sent to the scene of the fire to disperse the crowds and prevent renewal of race trouble.

A number of witnesses have been found by the police who say they saw several automobiles of negroes with burning torches in the district shortly before the fire was discovered. The fire broke out in three sections at the same time. Several residents declare they saw negroes fleeing from the scene after the fire was discovered. A number of shots were fired at negroes in automobiles who, it is said, were attempting to escape after the fire was started. One negro was said to have been wounded, but was carried away by his companions.

Fire Chief O'Connor, after a hasty investigation, declared that the fire was undoubtedly of incendiary origin and evidently started by throwing gasoline on the outside of the building and applying a lighted torch or matches.

Fire Attorney Harry Donnelly gave the police the names of twelve persons who declare they saw negroes in the district bearing burning torches and cutting telephone wires.

The situation in other sections of the danger zone of the South Side

U. S. GOVERNMENT TO SELL FOOD PRODUCTS

GREAT STORE OF CANNED FOOD
WILL BE SOLD AT COST BY
PARCEL POST.

The federal government has on hand millions of dollars worth of canned food products which were purchased for the use of the army and which are not needed on account of the demobilization of the army.

The stores consist of canned meats, fruits, and vegetables. It is announced that these products will be sold at cost in car load lots. Organizations and municipalities in many places are arranging to buy one or more car loads of the products to be resold to the public. In this way it is expected to meet the problem of the high cost of living in at least some measure. A uniform price is made by the government on canned goods and cured meats to be retailed to the general public through markets controlled by municipalities as follows:

Beef, corned, No. 1 cans, \$3.60 per dozen.
Beef, corned, No. 2 cans, \$2.96 per dozen.
Hash, corned beef 1-lb cans, \$2.70 per dozen.
Hash, corned beef 2-lb cans, \$4.80 per dozen.
Bacon in crates, 34c pound.
Bacon in 12-lb tins 36 cents per pound.

Prices on vegetables differ because of their having been obtained from hundreds of different canners at varying prices. Quotations on these will be asked of the supply officer.

Both meats and vegetables will be purchased in carload lots, with payment deferred until they have been disposed of, the time not to exceed ten days.

The above statement was given May 23, 1914, and on March 2, 1918, S. F. Oliff, retired merchant, 30 N. Main St., says: "I conscientiously recommended Doan's Kidney Pills to others who might feel the need of a kidney remedy. I have taken them for some time and they have done me more good than any kidney remedy I have ever used. I gladly give this endorsement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mr. Oliff had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

'A TOTAL WRECK' SAYS TENNESSEAN

Who Says He Now Feels Fine, Since Taking
Ziron Iron Tonic.

David Jones, of Forbus, Tenn., writes: "I got a bottle of Ziron and say that I never had anything to come to so good a time as I was thinking of giving up. I was a total wreck all over, as I am subject to weak spells in the Spring of the year. After using Ziron will say I now feel fine and can do a fine day's work. I think you have a good medicine, and I can truly recommend it to any one who needs a tonic."

Medical authorities and text books agree that iron is needed to keep the system in good condition. Investigation shows that pale, weak, tired people generally lack the necessary amount of iron in their blood. The strength that iron gives may be obtained by taking Ziron Iron Tonic. Try it. Ask your druggist about his guarantee on Ziron.

Your Blood Needs
ZIRON

COWS FOR SALE.

2 acres of land in southwest Statesboro, can be had at a bargain.

Extra large building lot on Parish street, for \$1,000. Can arrange terms.

Large lot on College boulevard; one of the most choice building lots in Statesboro.

CHARLES E. GONE REALTY COMPANY

Statesboro, Georgia

These three pictures illustrate one phase of the national movement to perpetuate the lessons of thrift impressed upon the American people by the emergency of the great war. In another generation Uncle Sam must take up the billions of dollars of securities floated to raise money for war purposes. The seeds of thrift are now being sown among the boys and girls who will be the men and women of the future so that the harvest of dollars may be reaped.

The youngsters shown here are members of the agricultural clubs of the South. They won distinction through their success with live stock, wheat and corn. By their thrift—industry, economy and good judgment—they earned money for Thrift and War Savings Stamps; to pay for college courses and to buy pigs and land. There are no finer examples of productive thrift than those furnished by the boys and girls of the corn, pig, canning and poultry clubs.

The work of these young folks is being made the model for thousands of others in Georgia, Florida, Alabama, Tennessee, Mississippi and Louisiana. The War Savings Organization is pointing to their efforts and saying to the boys and girls in the rural communities: "Follow in their footsteps—earn money for War Savings Stamps and other purposes by raising thoroughbred stock, producing the maximum yield from your acres of corn or wheat, by raising poultry and canning fruits and vegetables."

Freedom from any unpleasant cigarette after taste or any unpleasant cigarette odor makes Camels as unusual as they are enjoyable.

In fact, Camels appeal to the most fastidious smoker in so many new ways you never will miss the absence of coupons, premiums or gifts. You'll prefer Camel Quality!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. Reynolds Tobacco Co. Winston-Salem, N. C.

Camels are in a class by themselves—easily the most refreshing, the most likable cigarette you ever smoked. You can prove that! Simply compare Camels puff-by-puff with any cigarette in the world at any price! Put quality, flavor and cigarette satisfaction to the utmost test!

Made to meet your taste, Camels never tire it, no matter how liberally you smoke them! The expert blend of choice Turkish and choice Domestic tobaccos makes Camels delightful—so full-bodied, yet so fascinatingly smooth and mellow-mild. Every time you light one you get new and keener enjoyment!

Freedom from any unpleasant cigarette after taste or any unpleasant cigarette odor makes Camels as unusual as they are enjoyable.

Examples Of Thrift Of Rural Community Boys

Top—Joe Stone, Jackson County, Georgia, boy, who won a free trip to Washington by his thrift in handling an acre of corn. He is shown here up to the neck in wheat. Bottom left—Lamar Mills, Fulton County, Georgia, boy, who made a net profit of \$74.17 on one pig. Bottom right—Thrift Southern boys selecting seed corn.

These three pictures illustrate one phase of the national movement to perpetuate the lessons of thrift impressed upon the American people by the emergency of the great war. In another generation Uncle Sam must take up the billions of dollars of securities floated to raise money for war purposes. The seeds of thrift are now being sown among the boys and girls who will be the men and women of the future so that the harvest of dollars may be reaped.

GEORGIA CAN RAISE GOOD BEEF CATTLE

Prizes Have Been Won At Big
Live Stock Shows.

That superior beef cattle can be produced in Georgia is clearly shown by the accompanying photograph of an outstanding Hereford bull bred and raised in this state. During the last five years no state in the Union has bought a larger percentage of well-bred, outstanding Hereford cattle. Much should be expected of such foundation breeding stock. Where they have been given reasonable care and attention, they have developed here just as well as in any section of the United States.

Some of the breeders have not been contented with defeating the breeders from the Middle West that have exhibited at the Georgia fairs. They have actually invaded the state fairs of the Middle West and have won blue ribbons at the Kansas City Royal and the great International Live Stock Exposition held in Chicago. Truly these achievements should be a means of encouraging more Georgia farmers to engage in the production of either market or pedigreed beef cattle.

The second annual sale of the Georgia Hereford Breeders' Association will be held at the Miller Union Stock Yards in Atlanta, April 14, 1919. Ten choice bulls and fifty cows will be sold at this time. Mr. C. F. Shingler, Ashburn, Ga., is sales manager, and will be pleased to mail catalogues and any interested parties. Not only the prospective buyers but every one interested in diversified farming should attend this sale so as to see the splendid, tangible evidence of the kind and quality of cattle that are being produced within our own borders.—M. P. Jarman, Georgia State College of Agriculture.

LET GEORGIA SUPPLY HER MILK PRODUCTS

The War Taught Us The True
Value Of Milk.

For years past the Southern states have been furnished with dairy products from the Northern states at moderate prices. However, this has changed, and at the present time prices are so exorbitant, if the products come from the Northern states, that it would be wise for us to do all we can to increase dairy cattle here in the South, so that we can supply the demand of our people.

The time will never come when we will be able to buy milk for six cents a quart as we used to buy it only a few years ago. Then, some feeds cost \$30.00 per ton; now, the same feeds cost \$70.00 per ton. Labor was worth \$15.00 per man per month; now, it is up to from \$50.00 to \$60.00 per man per month. Even though feed and labor go down in price, the price paid for dairy products will remain as it is at the present time.

Before the war people did not realize the value of these products, and, consequently, did not use but very little of any of them; but through educational campaigns during the war, the eyes of the consumer have been opened to the importance of the use of dairy products as constituting the main portion of the daily diet. So, we should expect that the dairymen would realize more and more as other expenses are being lowered.

MANY HOGS INOCULATED.

Approximately a quarter of a million hogs, 252,763 to be exact, were inoculated with preventive serum by county agents in Georgia in 1918. Hog cholera is being gradually stamped out and progressive farmers everywhere are having their hogs inoculated.

CHEESE FACTORY BUILT.

The first cheese factory in Georgia has been established at Young Harris and several other towns in the northern section of the state are planning to follow Young Harris.

In other sections cream routes are being established to supply the demand of the cities. Thirty-five routes have been started by the extension division of the Georgia State College of Agriculture this year. Farmers who are interested in getting a cream route in their community should take the matter up with their county or write direct to the College.

AGED AMERICAN WOMAN STARVED BY MEXICANS

MRS. KEENRIGHT DIED OF STAR-
VATION WHILE BEING HELD
AS PRISONER.

Washington, Aug. 3.—A story of cruelty to Americans in Mexico, involving the death from starvation of an aged American woman, reached Washington today through unofficial channels. The cruelities, including an attack by bandits, some of whom are alleged to have been Carranzistas, imprisonment, indignities and later confiscation of property were perpetrated, it is said upon Dr. and Mrs. Keenright, died of starvation while held a prisoner by the bandits.

Dr. Sturgis, an American dentist and owner of a coffee plantation in Mexico, according to information received here, went to Mexico 20 years ago. His wife and mother joined him later. In 1918, it is said, their plantation was raided by Carranzistas and later in the same year by bandits headed by Gen. Rafael Cally Mayor, a friend of the rebel Zapata. General Mayor took the three American prisoners, it is said, and holding Dr. Sturgis and Mrs. Keenright as hostages, sent Mr. Sturgis to Mexico City, with messages to a Zapata agent. While being prisoners, Mrs. Sturgis said her mother died from starvation.

Not until last February, according to the story reaching Washington, were Dr. Sturgis and his wife released. They returned to their plantation although the dentist was partially paralyzed owing to the privations they had undergone, and later the American consul at Salina Cruz furnished them with funds to return to the United States. They arrived several days ago at New Orleans and now are en route to St. Louis.

The Society for the Protection of American rights in Mexico, after investigating the story, most of the details of which were furnished by Mrs. Sturgis, announced tonight that the matter would be called to the attention of the department, and it was said that Dr. Sturgis and his wife would be invited to appear before the house committee investigating Mexican relations.

WOMEN WILL ELECT
NET U. S. PRESIDENT

Washington, Aug. 5.—"The women of the country will elect the next president," President Wilson was told this afternoon by Mrs. George Haas, chairman of the woman's committee of the national democratic national committee, at a conference at the White House.

Mrs. Haas told the president that women who opposed the league of nations could expect to receive the women's vote at the next presidential election.

MAY AS WELL DECIDE.
If bohemian as represented by organized labor throughout the country is to take charge and destroy commerce, and ravish capital for their own private ends, the matter may as well be understood now as any time. If reason and law and order are to prevail in the conduct of the world's commerce, the people ought to understand that. And it now appears that an understanding is near at hand.

STOCK LAW FAVORED IN MANY COUNTIES
GROWING STOCK INDUSTRY HAS CHANGED SENTIMENT OF PEOPLE WITH REGARD TO FENCE.
Atlanta, Aug. 3.—The no-fence law continues its progress into South Georgia, the once mighty pine forest where grazed, unmolested by the farmer's plow, hundreds of thousands of cattle. Laurens, just forty miles from Toombs, has voted no-fence by a large majority.

THE CHRONIC KICKER.
There is probably nothing in the scheme of nature which is also without value for some purpose. If there was, we should say that the chronic kicker is that thing.

GROVELAND SOCIAL.
Mr. and Mrs. Joe Davis, of Groveland, entertained delightfully last Saturday evening. Many interesting games were played. Those present were Misses Gussie DeLoach, Bessie Mae Spalmer, Ruth Davis, Thelma DeLoach, Maggie White, Una DeLoach, Cora Lee Spalmer, Marion Davis, Melrose Futch, Edith Davis, Bernice DeLoach, Corrine Futch, Zola DeLoach, and Messrs. Golden Futch, Brady NeSmith, Winford DeLoach, Grady NeSmith, Grady Futch, Loran NeSmith, Booth Proctor, David Kennedy, Fred Miller, Charles Nevils, Elvin Mitchell, Coleman NeSmith, Dewey Martin, Lemon NeSmith, Loyd Nevils, Grady Miller, Jim Kiekligher, Lester Bernside and Mr. and Mrs. Ronald Proctor.

CHAMBER OF COMMERCE.
A special meeting of the Bulloch County Chamber of Commerce will be held Tuesday, August 12. Tuesday of next week is the time. Meeting to be held promptly at 10 a. m. Every member is especially requested to attend this meeting. Subjects of vital interest to be discussed.

EDWARDS MAY RUN.
While no formal announcement of his intentions has been made, the Times has it from credible sources that the next Congressional race in this district will be lived by the entrance of Hon. Chas. G. Edwards as a candidate for re-election.

A special meeting of the Bulloch County Chamber of Commerce will be held Tuesday, August 12. Tuesday of next week is the time. Meeting to be held promptly at 10 a. m. Every member is especially requested to attend this meeting. Subjects of vital interest to be discussed.

TWENTY-FIVE MILLION FOR COCA COLA CO.
ATLANTA CONCERN CAPITALIZED AT \$50,000 BRINGS ENORMOUS INCREASE.
Atlanta, Aug. 3.—The Coca Cola company, of Atlanta, capitalized at \$50,000, has in New York financial interests, subject only to the report auditors concerning the detailed earnings of the company, a statement of which is being made. The audit is nearing completion, and it is understood that the company will receive representations of the company as to its earnings and financial status, so that only the usual formalities remain for the consummation of the sale and the transfer of the tangible and intangible assets of the company to the purchasers. This is expected to be arranged in a few days, thus consummating the biggest financial deal in the history of the south, and one of the largest recorded in the business annals of America, involving only private interests.

STOCK LAW FAVORED IN MANY COUNTIES
GROWING STOCK INDUSTRY HAS CHANGED SENTIMENT OF PEOPLE WITH REGARD TO FENCE.
Atlanta, Aug. 3.—The no-fence law continues its progress into South Georgia, the once mighty pine forest where grazed, unmolested by the farmer's plow, hundreds of thousands of cattle. Laurens, just forty miles from Toombs, has voted no-fence by a large majority.

THE CHRONIC KICKER.
There is probably nothing in the scheme of nature which is also without value for some purpose. If there was, we should say that the chronic kicker is that thing.

GROVELAND SOCIAL.
Mr. and Mrs. Joe Davis, of Groveland, entertained delightfully last Saturday evening. Many interesting games were played. Those present were Misses Gussie DeLoach, Bessie Mae Spalmer, Ruth Davis, Thelma DeLoach, Maggie White, Una DeLoach, Cora Lee Spalmer, Marion Davis, Melrose Futch, Edith Davis, Bernice DeLoach, Corrine Futch, Zola DeLoach, and Messrs. Golden Futch, Brady NeSmith, Winford DeLoach, Grady NeSmith, Grady Futch, Loran NeSmith, Booth Proctor, David Kennedy, Fred Miller, Charles Nevils, Elvin Mitchell, Coleman NeSmith, Dewey Martin, Lemon NeSmith, Loyd Nevils, Grady Miller, Jim Kiekligher, Lester Bernside and Mr. and Mrs. Ronald Proctor.

CHAMBER OF COMMERCE.
A special meeting of the Bulloch County Chamber of Commerce will be held Tuesday, August 12. Tuesday of next week is the time. Meeting to be held promptly at 10 a. m. Every member is especially requested to attend this meeting. Subjects of vital interest to be discussed.

EDWARDS MAY RUN.
While no formal announcement of his intentions has been made, the Times has it from credible sources that the next Congressional race in this district will be lived by the entrance of Hon. Chas. G. Edwards as a candidate for re-election.

Miss Rosaline Bowen, of Savannah, is the guest of Miss Lucy Bowen this week.

LEGISLATURE PUTS GOVERNOR IN HOLE

MAY BE FORCED TO VETO ENTIRE APPROPRIATION BILL, IS GENERAL BELIEF.

Atlanta, August 12.—The biggest topic among members of the legislature at tonight's session of the house was not the business being transacted but "how is Gov. Dorsey going to get out of the hole?"

Some of the more prominent members of both branches express the conviction, with atmosphere of authorization in their tone, that the Governor will veto every special appropriation bill and every salary increase made. Many others seriously declare the only hope the Governor has is to veto the entire general appropriation bill and convene an extraordinary session at once.

The trouble is caused by the Knight proviso to the common school fund which makes that fund absorb all the first moneys coming into the treasury until the entire general appropriation bill is passed. The department of the treasury until the entire general appropriation bill is passed.

It has been discussed whether or not the Governor has the power to veto simply a proviso to which is a part of an appropriation bill. The constitution does not so read, and some of the highest legal authority in the state hold he can only veto the item as a whole, which will leave the state without common schools.

Others contend that he can, on the ground that he has the right to veto in the thirteen areas in order that each may have its proportion per population of the seventy-two articles offered for public sale.

The price tables include the price per can or individual article in each of the thirteen districts in which the parcels post or through municipal selling agencies. Costs of the commodities to the government, the department said, had been disregarded entirely in fixing the prices of sale which are materially lower than prevailing market rates.

The prices quoted are f. o. b. and from storage points in each of the thirteen districts into which the country is divided for war department subsistence purposes. The department is now redistributing the food supplies in the thirteen areas in order that each may have its proportion per population of the seventy-two articles offered for public sale.

The price tables include the price per can or individual article in each of the thirteen districts in which the parcels post or through municipal selling agencies. Costs of the commodities to the government, the department said, had been disregarded entirely in fixing the prices of sale which are materially lower than prevailing market rates.

Municipal selling agencies will compute freight charges on these shipments to be added to the price quoted by the war department. On the parcels post distribution, no orders will be received directly by the war department but only through the postoffice department which will requisition the supplies by case or larger packages, the postmasters in turn breaking these shipments up into unit packages of a single can or several cans.

Sales to municipalities at the new prices will begin as soon as the surplus property officers at the various zone supply offices and depots have received the quotations, made public today. Sales to individuals through the parcels post will be inaugurated Aug. 18th and before that time all postmasters will have a price quotation list from which the consumer may order.

The department emphasized that no change in the policy of sales to municipalities had been made, the only alteration being in price. If a municipality is unable to buy or sell foodstuffs owing to its charter or local laws, the department will ship it upon consignment subsistence stores in not less than case or carton lots, the goods to be paid for or returned within thirty days from date of receipt. Shipments of this character, however, will be made only when the mayor or head of the local government's agent and supervises the distribution of the food, or appoint someone to so act.

Although only 72 food staples are enumerated in the price list, the itemized quotations owing to the variety of packing are quite lengthy. Quotations from some of the leading commodities are:

Bacon, 44 1/2 per can of 17 pounds; corned beef, 55 cents for can of 14 1/2 pounds; baked beans, 5 cents per can of 14 1/2 pounds; sweet corn, 10 cents per 24 pound can; dry beans, 64.49 per 100 pounds; crackers, 5 and 6 cents a pound; army flour, 56 per 100 pounds; macaroni, 7 cents per 1 1/2 pounds; rolled oats, 12 cents per 25 pounds; seeded raisins, 10 cents per pound; rice, 67.74 per hundred pounds; tomatoes, 9 cents per 2 pound can, and white corn meal, \$2.50 per hundred pounds.

Continued hard rains wash away bridges.

The continued rains of the past week have overflowed the creeks of this section to a greater extent than for many years, and bridges have

SHOPMEN'S STRIKE ON ITS LAST LEGS

RAILROAD MEN ARE RETURNING TO WORK EVERYWHERE EXCEPT IN CHICAGO.

Chicago, Aug. 12.—Steady improvement in the situation resulting from the strike of railway shopmen was reported by railway officials here to-night after receipt of messages during the day from all parts of the country.

It was stated that the strikers are returning to work in practically every section affected, with the exception of Chicago, Boston and Atlanta. Hundreds of men were reported returning to work in Iowa, Wisconsin and Illinois. The Chicago Northwestern Railroad announced removal of the embargo on freight to Iowa points.

At the stock yards here, 1,162 cars of live stock were received today, which is seventy-five more than on the same date last year. Perishable freight switched here today totaled 592 cars. Passenger traffic still is operating with difficulty, however, many trains arriving several hours late.

Despite reports of general improvement, officers of the United Brotherhood of Carpenters and Joiners of America, which is the largest of the shopmen's unions, said that the men are standing firm and will not return until wage demands are granted.

Washington, D. C., Aug. 12.—Reports today to the railway employers' department of the American Federation of Labor indicated that the strike of shopmen was "cleaned up," except in Chicago and a few points in New England, where it was expected the men would return to work before the end of the week. Conferences with Director General Hines on the men's wage demands will start immediately after all the men have returned to work.

Atlanta, Aug. 12.—The strike of allied railroad shopmen in the Southeast was officially called off at a convention here today of representatives of the various unions. Decision to end the strike, pending the adjustment of matters by President Wilson and Director General Hines, came in the form of a resolution which was unanimously adopted. The men were ordered to return to work Thursday morning.

The resolution adopted by the shopmen provides that all now on strike return to their work at the usual hour Thursday morning. The decision of the convention will be announced at a mass meeting tomorrow by union shopmen. It was agreed that the strikers would abide without question by any decision reached by the convention.

With the return to work today of striking shopmen employed at the Central of Georgia shops here, and land and on his return to Pittsburgh in operation Thursday, the situation throughout the Southeast tonight was regarded as approaching normal. It was stated it would be necessary to continue limited freight embargoes for a period owing to the amount of accumulated repairs necessary to cars now in the shops.

OLLIFF SELLS INTEREST IN TRAPNELL-MIKELL CO.

A notehr important business change in the mercantile business of this city was the sale during the week by F. D. Olliff of his interest in the Trapnell-Mikell Company to Messrs. J. C. Jones and M. R. Akins.

Mr. Olliff has been actively associated with the Trapnell-Mikell Company since its reorganization and enlargement nearly two years ago. Prior to that time he had been engaged in the fertilizer business and farming.

Messrs. Jones and Akins, who have purchased the interest of Mr. Olliff in the Trapnell-Mikell Co., are already large holders of stock in the concern, and Mr. Jones has been actively associated with the business since its reorganization at the same time Mr. Olliff went into it. Mr. Akins recently bought a home in Statesboro and announced his intention to move to the city during the coming fall. He will take an active interest in the business in the future.

The Trapnell-Mikell Company is one of the largest mercantile businesses of this section, and has a large line of patronage throughout the entire county.

First bale of cotton sold on local market.

The first bale of new cotton sold on the local market was brought in yesterday by J. J. Martin and sold to Henry Allen for 32 cents.

The first bale grown in the county was shipped ten days ago to Savannah by John Powell, who farms on J. W. Williams' place at Adabelle.

SELL PEOPLE FOOD FROM WAR SUPPLIES

WAR DEPARTMENT ANNOUNCES PRICES AT WHICH STAPLES WILL BE SOLD.

Washington, Aug. 8.—The war department made public today a complete price list of all substance stores available for the public through the parcels post or through municipal selling agencies. Costs of the commodities to the government, the department said, had been disregarded entirely in fixing the prices of sale which are materially lower than prevailing market rates.

The prices quoted are f. o. b. and from storage points in each of the thirteen districts into which the country is divided for war department subsistence purposes. The department is now redistributing the food supplies in the thirteen areas in order that each may have its proportion per population of the seventy-two articles offered for public sale.

The price tables include the price per can or individual article in each of the thirteen districts in which the parcels post or through municipal selling agencies. Costs of the commodities to the government, the department said, had been disregarded entirely in fixing the prices of sale which are materially lower than prevailing market rates.

Municipal selling agencies will compute freight charges on these shipments to be added to the price quoted by the war department. On the parcels post distribution, no orders will be received directly by the war department but only through the postoffice department which will requisition the supplies by case or larger packages, the postmasters in turn breaking these shipments up into unit packages of a single can or several cans.

Sales to municipalities at the new prices will begin as soon as the surplus property officers at the various zone supply offices and depots have received the quotations, made public today. Sales to individuals through the parcels post will be inaugurated Aug. 18th and before that time all postmasters will have a price quotation list from which the consumer may order.

The department emphasized that no change in the policy of sales to municipalities had been made, the only alteration being in price. If a municipality is unable to buy or sell foodstuffs owing to its charter or local laws, the department will ship it upon consignment subsistence stores in not less than case or carton lots, the goods to be paid for or returned within thirty days from date of receipt. Shipments of this character, however, will be made only when the mayor or head of the local government's agent and supervises the distribution of the food, or appoint someone to so act.

Although only 72 food staples are enumerated in the price list, the itemized quotations owing to the variety of packing are quite lengthy. Quotations from some of the leading commodities are:

Bacon, 44 1/2 per can of 17 pounds; corned beef, 55 cents for can of 14 1/2 pounds; baked beans, 5 cents per can of 14 1/2 pounds; sweet corn, 10 cents per 24 pound can; dry beans, 64.49 per 100 pounds; crackers, 5 and 6 cents a pound; army flour, 56 per 100 pounds; macaroni, 7 cents per 1 1/2 pounds; rolled oats, 12 cents per 25 pounds; seeded raisins, 10 cents per pound; rice, 67.74 per hundred pounds; tomatoes, 9 cents per 2 pound can, and white corn meal, \$2.50 per hundred pounds.

BOOZE FLOWS FREELY OVER SAVANNAH BARS

REVENUE OFFICER SAYS THAT LIQUOR TRAFFIC IS WORSE THAN IN ATLANTA.

Atlanta, Aug. 11.—The illegal trafficking in liquor is worse in Savannah than it is in Atlanta, says D. J. Grant, internal revenue agent. Mr. Grant returned to the city Sunday from Savannah, where he headed about a dozen revenue officers in liquor raids throughout the city. According to Mr. Grant his officers had little trouble in buying liquor over the bar in places.

Mr. Grant says the coming of the raiders was tipped off in Savannah and in consequence the arrests and cases were not as numerous as the officers had expected. In one instance he said, they were told that their coming was known and that a supply of whisky had been hidden out. Several cases, however, were made out as a result of the raids which were conducted Thursday and Friday of last week.

Although only 72 food staples are enumerated in the price list, the itemized quotations owing to the variety of packing are quite lengthy. Quotations from some of the leading commodities are:

Bacon, 44 1/2 per can of 17 pounds; corned beef, 55 cents for can of 14 1/2 pounds; baked beans, 5 cents per can of 14 1/2 pounds; sweet corn, 10 cents per 24 pound can; dry beans, 64.49 per 100 pounds; crackers, 5 and 6 cents a pound; army flour, 56 per 100 pounds; macaroni, 7 cents per 1 1/2 pounds; rolled oats, 12 cents per 25 pounds; seeded raisins, 10 cents per pound; rice, 67.74 per hundred pounds; tomatoes, 9 cents per 2 pound can, and white corn meal, \$2.50 per hundred pounds.

ANDREW CARNEGIE DIES AFTER SHORT ILLNESS

WORLD'S FOREMOST FINANCIER DIES AFTER ATTACK OF BRONCHIAL PNEUMONIA.

Lenox, Mass., Aug. 11.—Andrew Carnegie, one of the world's most prominent financiers, died at 7:30 o'clock this morning at his summer home at Shadow Brook, of bronchial pneumonia.

He had been ill but three days and had lived until November 25, would have been 84 years of age.

The death of Andrew Carnegie marks the passing of one of the world's greatest financiers and philanthropists. His phenomenal rise from a salary of twenty cents a day to an income of \$25,000,000 or more a year; his frugal manner of living; his broad religious and political views and vast benefactions have kept him before the public for more than a quarter of a century.

The "Laird of Skibo," as he was often called, was born at Dunfermline, a little hamlet in Scotland, November 25, 1835. His father was a master weaver, but when newly invented machinery drove him out of business he emigrated to the United States, settling with his family in Allegheny, Pa., in 1848. The father found work in a linen mill, where Andrew worked as a bobbin boy at \$1.20 a week.

His next job was a stoker at a slight increase in wages. Later, following the death of his father, he obtained a clerical position and in his "off" hours studied telegraph operating. His first job as operator netted him \$25 a month, and he was the third man on earth who could read the Morse signals by sound.

Later he became a telegraph operator in the office of Colonel Thomas A. Scott, then division superintendent of the Pennsylvania railroad. Under Scott's advice young Carnegie made his first investment, buying ten shares of Adams Express Company stock for \$500. While working at Scott's secretary he became interested in railway sleeping car ideas and from the inventor T. T. Woodruff, purchased some stock.

The actual basis for his wonderful fortune came when he realized the day of wooden bridges, had been replaced by steel bridges, and he had secured a company with very limited capital and began making steel structures. The firm's name was the Keystone Bridge Works, the company building the first bridge over the Ohio river. The Union Iron Mills appeared a few years later as a natural outgrowth of this industry.

When oil began to flow in Pennsylvania Carnegie bought several small farms and his gains on these ventures, totalled approximately \$100,000.

Young Carnegie saw the value of steel rails for railroads while in England and, on his return to Pittsburgh laid the foundation of the steel industry which soon had the English beaten at their own game.

He was married in 1887 to Miss Louise Whitfield, daughter of a rich New York
